SRI LANKA'S BIGGEST GEM NETWORKING EVENT

SPONSORSHIP & PARTNERSHIP PROPOSAL

29 October 2026

Waters Edge, Battaramulla

CAGSNet 2026
SRI LANKA'S BIGGEST GEM NETWORKING EVENT

CAGS
Ceylon Academy of Gemmological Science

SPONSORSHIP & PARTNERSHIP PROPOSAL

Dear Sir,

Sri Lanka's gem industry is built on generations of knowledge, craftsmanship and ambition. Its future will depend on how effectively we connect that heritage with new opportunities, stronger commercial relationships and a more unified journey from mine to market.

CAGSNet 2026 is being built with that vision.

Behind CAGSNet is the Ceylon Academy of Gemmological Science (CAGS), an established Sri Lankan gemmology education institution focused on building knowledge, practical skills and industry capability. Through its educational community and growing industry network, CAGS is working to connect learning with real-world opportunity and contribute to a stronger future for Sri Lanka's gem sector.

CAGSNet extends that foundation into a broader industry platform. More than a networking event, it is designed to bring together the people, businesses, ideas and opportunities that can strengthen the future of the industry.

Through the enclosed proposal, we invite you to explore the partnership opportunities available within CAGSNet 2026 - from premium brand visibility and direct audience engagement to business introductions, digital exposure and tailored activation opportunities.

By becoming a partner, your organisation is not simply supporting an event. You are helping create a platform where new partnerships can begin, businesses can grow, emerging professionals can find opportunity, and the industry can move forward together.

We encourage you to review the proposal and discover where your organisation can create meaningful value within this growing ecosystem - and where CAGSNet can create lasting value for your brand in return.

Together, we can connect the industry, strengthen the ecosystem and help shape the next chapter of Sri Lanka's gem industry - from mine to market.

Warm regards,

Dumidu Senanayake

Strategic Business Consultant

CAGSNet 2026
SRI LANKA'S BIGGEST GEM NETWORKING EVENT

CAGS
Ceylon Academy of Gemmological Science

THE OPPORTUNITY

CAGSNet 26 is the flagship networking event of the CAGS community, bringing together students, alumni, Mining community, gem traders, jewellery businesses, investors, buyers, sellers, exporters, importers, manufacturers, suppliers and other business professionals.

The sponsorship model is deliberately designed around commercial engagement - not simply logo placement. Partners can use the event and its surrounding digital campaign for brand visibility, product discovery, sampling, promotional offers, QR-based lead generation, business introductions and relationship building.

1000 Expected event capacity	**100** Networking tables	**10** Guests per table
150K+ Facebook community	**70K+** TikTok followers	**4** Main sponsor tiers

Why CAGSNet is commercially relevant

- A concentrated audience connected to gemmology, jewellery, entrepreneurship, trade, investment and professional services.
- Physical interaction at a five-hour networking event plus digital visibility through CAGS-owned channels.
- Limited premium sponsorship inventory creates genuine scarcity: 1 Padparadscha, 2 Ruby, 3 Sapphire and 10 Emerald partnerships.
- Activation rights can be adapted by sector - banking, automotive, travel, hospitality, jewellery, technology, insurance, lifestyle and more.
- Sponsors can move from awareness to action through QR enquiries, appointments, samples, offers and direct conversations.

High-value audience

The CAGS community includes a significant concentration of high-net-worth individuals, including students, alumni, entrepreneurs, investors and established gem-industry professionals. CAGSNet 2026 is expected to attract a strong high-net-worth audience, creating valuable opportunities for sponsors to engage directly with affluent consumers, business owners and decision-make

Important audience note

The 200K+ Facebook and 70K+ TikTok figures describe platform community/follower size, not guaranteed campaign reach and not a deduplicated unique audience. Campaign performance will depend on content and platform algorithmsrs.

WHO WILL YOUR BRAND MEET?

AUDIENCE & SPONSOR OUTCOMES

A room built for business relationships

1000	100	5 HOURS	PRE + EVENT + POST
Expected attendees	Networking tables	Direct engagement	Visibility journey

Core audience groups

Gem Traders	**Jewellers**	**Mining Community**	**Business Owners**
Exporters & Importers	**Investors**	**Manufacturers & Suppliers**	**CAGS Students & Alumni**
Buyers & Sellers	**Professional Services**	**Entrepreneurs**	**Industry Stakeholders**

How sponsorship translates into value

Sponsor objective	CAGSNet mechanism	Potential outcome
Brand awareness	LED, event branding, social content, souvenir	Repeated visibility across the campaign journey
Lead generation	QR codes, enquiry forms, activation desk	New enquiries, appointments and follow-up conversations
Product trial	Sampling, demos, gifts, vouchers	First-hand product or service experience
Corporate relationships	Networking tables, VIP interaction, business introductions	Relationship building with professionals and decision-makers
Category ownership	Negotiated exclusivity and category-partner title	Clear association with a relevant business category

CAGS DIGITAL REACH & CONTENT ECOSYSTEM

BEYOND THE BALLROOM

Sponsor visibility can begin before the event and continue after it

150K+	70K+	270K+
Facebook community	TikTok followers	Combined platform community/followers*

*Combined platform figure is a simple total of the two platform counts and is not a deduplicated unique audience.

The CAGSNet Content Series

Selected CAGSNet content can be structured as useful, audience-relevant material rather than conventional advertising. This allows premium sponsors to be integrated into content in a way that feels natural to the audience and valuable to the brand.

- CAGSNet Countdown - event-build-up content and key announcements.
- Gem Business Insights - short educational and business-focused content.
- Meet the Network - people, businesses and stories connected to the CAGS ecosystem.
- Business Beyond the Gem - entrepreneurship, finance, technology, travel, lifestyle and business-support topics.
- Post-Event Highlights - recap content, sponsor recognition and selected event moments.

Exclusive Padparadscha creator-led benefit

MR. UMESH CREATOR-LED BRAND INTEGRATION

The Padparadscha Partner receives one dedicated creator-led content integration with Mr. Umesh. The brand, product or service is incorporated into useful, audience-relevant content rather than delivered as a simple advertisement. Topic, claims and brand messaging remain subject to editorial fit, sponsor approval and CAGS approval.

Proposed minimum digital deliverables

The following framework gives sponsors clearer value. Final quantities, formats and publishing dates must be confirmed in the signed sponsorship agreement.

Digital deliverable	Padparadscha	Ruby	Sapphire	Emerald
Dedicated sponsor announcement	1	1	1 / selected	Category / sponsor roll
Campaign creative integrations	Minimum 3	Minimum 2	Minimum 1	Selected sponsor roll
Short-form video integration	Minimum 2 + creator content	Minimum 1	Selected	-
Mr. Umesh creator-led content	1 exclusive integration	-	-	-
Post-event recognition	Dedicated / priority	Included	Selected	Sponsor acknowledgement
Sponsor tag / mention	Included where appropriate	Included where appropriate	Included where appropriate	Selected

CAGSNet 2026

MAIN SPONSORSHIP TIERS

LIMITED PARTNERSHIP INVENTORY

Choose the level of ownership that fits your objective

Partnership	Investment	Available	Role	Core idea
PADPARADSCHA	LKR 2,000,000	1	Presenting / Principal	Own the event conversation
RUBY	LKR 1,500,000	2	Premier Strategic	Command premium visibility
SAPPHIRE	LKR 1,000,000	3	Strategic Business	Engage the business network
EMERALD	LKR 500,000	10	Official Category / Event	Own a relevant category

The premium-tier distinction

The top tiers are intentionally differentiated by ownership, not just by logo size. Padparadscha receives event-presenting rights and exclusive creator-led content; Ruby receives premium digital amplification and high-level physical visibility; Sapphire provides strong event and business-engagement rights; Emerald is positioned around sector-specific category ownership.

Scarcity creates value

Only one Padparadscha Partner will be appointed. Only two Ruby and three Sapphire partnerships are available. Emerald category availability is subject to senior-tier exclusivity rights.

MEASUREMENT, GOVERNANCE & NEXT STEPS

DESIGNED FOR CORPORATE APPROVAL

Sponsor reporting

Where available, CAGS can provide a post-campaign summary showing the agreed deliverables that were published and the platform-level performance data available for those items. This can include views, reach and engagement where reported by the platform. No fixed performance result is guaranteed unless expressly contracted.

Commercial safeguards

- All benefits are subject to venue rules, safety requirements, programme timing and CAGS approval.
- Category exclusivity must be expressly written into the sponsorship agreement.
- CAGS retains final approval over advertising, claims, creator-led content and promotional materials.
- Sponsors are responsible for their promotional staff, product stock and activation materials unless otherwise agreed.
- Lead collection and post-event follow-up must use appropriate consent and privacy safeguards.
- Regulated products and promotions must comply with applicable laws and venue policies.
- Digital community/follower counts are not guaranteed reach or impressions.
- Final content quantities, placement, deadlines and approvals will be documented before campaign commencement.
